

WORK SECURITY THREAT REPORTING SYSTEM FOR CONTRACTORS

CONTRACTOR!

Can you see a potential danger in your workplace?
Do not wait – report!

 **605 608 888**

Come up with remedial actions and you stand a chance of a prize!

Go through three steps:

1 If you are in a location where using a mobile phone is forbidden, go to a safety area in which you are allowed to it (administration building, main road)

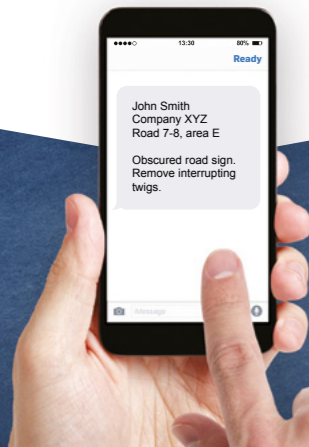

2 If you are allowed to use a mobile phone at a place – do not wait! Send a report!

3 Send a text message to 605 608 888. Provide the following: full name, name of company, location and description of danger, description of remedial action (example below)

Once every three months the board will choose the best three reports and their authors will get attractive awards!
